Coleção Taj Mahal

A Coleção Taj Mahal conta a história de uma das mais lindas obras arquitetônicas do Oriente. Localizado na Índia, com seu ar misterioso e romântico, esse monumento que é uma das sete maravilhas do mundo, inspirou as estampas e cores dessa coleção. As antigas tapeçarias indianas surgem reinventadas com cores elegantes e aspecto estonado, usando todos os recursos que só a estamperia digital pode oferecer. Os geométricos imponentes semelhantes as cúpulas do palácio, mesclam cores românticas e tons terrosos. As estampas com construções tramadas e formas irregulares, remetem ao antigo e minucioso trabalho manual. Os jardins exuberantes que cercam esse monumento, foram a inspiração das estampas florais e suas colorações. Taj Mahal apresenta estampas e cores tão ricas em detalhes quanto as pedras preciosas cravejadas em todo o interior do palácio, luxuoso em seu design e rico em sua história.

The Taj Mahal collection tells the history of one of the most beautiful architectonic Works of the Orient. Located in India, with its mysterious and romantic demeanor, this monument that is one of the Seven World Wonders has inspired the patterns and colors of this collection. The ancient Indian tapestries emerge reinvented with elegant colors and worn appearance, using all the resources that only the digital printing may offer. The impressive geometrics similar to the palace domes commingle romantic colors and earthy tones. The stamps with woven together constructions and irregular shapes, take us to the ancient and meticulous handwork. The exuberant gardens that surround this monument were the inspiration of the floral patterns and their colorations. Taj Mahal presents patterns and colors so rich in details as the precious stones studded in the whole interior of the palace, luxurious in its design and rich in its history.
